

ABSTRACT

**METHOD OF PROCESSING IMAGES FOR THE CORRECTION OF THE DISTORTIONS IN
A CATHODE RAY TUBE**

5

The invention relates to a method of processing video images which is intended to correct the distortions created by the instability of the high voltage circuit of the cathode ray tube display device during the displaying of the images. It is more particularly intended for correcting the global zoom and the local zoom affecting the images displayed by the cathode

10

ray tube device.
